

The activation code is obtained by going to:
www.specconnect.net/activate:

The screenshot shows the Spectrum Technologies website's activation page. At the top left is the Spectrum Technologies logo and a 'Support' link. The main heading is 'Get Product Activation Key'. Below this is a dropdown menu labeled 'Select a Product', a text input field for 'Order Number', and a red button labeled 'Get Activation Key'.

- Select the product (CM1000 Logging, SpecWare 9 Basic, or SpecWare 9 Pro)
- Enter your order number
- Click "Get Activation code"

The activation code is valid for two days. The order number and activation code are then entered into the appropriate fields in the Activate screen that is generated when opening Specware or FieldScout software.

The screenshot shows a dialog box titled 'Activate Spec9Pro'. It contains two text input fields: 'Order Number' and 'Activation Code'. Below the fields is the instruction: 'Enter the order number and your Activation Code to activate Spec9Pro.' A note follows: 'If you do not have your Activation Code, go to www.specconnect.net/activate to obtain it. You will need your order number to generate the code.' At the bottom are 'OK' and 'Cancel' buttons.
